with chapters corresponding to the chapters in Linton and Matteson's Medical Surgical Practical Nursing in Canada. This study guide provides a variety of questions and exercises to help you master the PN's role in Canadian medical surgical care. Review exercises include fun activities, multiple choice questions, alternate format questions, and more, all divided by level of difficulty. In the chapters on medical conditions, practical questions help you apply your knowledge directly to real world patient care. This study guide provides the review and practice you need to prepare for the REX PN or CPNRE licensure exams. Comprehensive review reflects the latest Canadian Council for Practical Nurse Regulators (CCPNR) national PN competencies including Ontario and British Columbia. A variety of exercises reinforces learning with matching, multiple choice, multiple response, labelling, diagram reading, fill in the blank, questions, case studies, and more. Consistent format in each chapter. Part I: Mastering the Basics focuses on basic knowledge and comprehension of medical surgical nursing. Part II: Putting it all together integrates chapter content related to basic pathophysiology and basic nursing content and focuses on comprehension and application levels. Part III: Challenge Yourself Getting Ready for PN Examinations focuses on the application or analysis levels of cognitive ability and can include case studies, nursing care plans, and nursing assessment questions arranged by level of difficulty. Move from simple recall to more difficult exercises designed to help you apply, analyze, and synthesize basic concepts. Alternate format questions include multiple response, labelling, prioritizing, ordering, and calculation questions to help you practice for the REX PN and CPNRE licensure examinations. Review questions on care for older adults focus on long term care and community based settings, asking you to apply content to real world practice. Additional review questions are provided on the Evolve website for the textbook.

Questions arranged by level of difficulty move from simple recall to more difficult exercises designed to help you apply, analyze, and synthesize basic concepts. Alternate format questions include multiple response, labeling, prioritizing, ordering, and calculation questions to help you practice for the NCLEX-PN review questions on care for older adults, focus on long term care and community based settings, asking you to apply content to real world practice. Additional review questions are provided on the Evolve website for the textbook. New Next Generation NCLEX format questions help you review and practice for the new licensure examination. New case studies in the clinical chapters allow you to develop skills in clinical judgment. New updated exercises and review questions match the new content in the textbook and cover newly approved pharmaceutical treatments and drugs.

Use this study guide to review and apply medical surgical nursing concepts with chapters corresponding to the chapters in Linton Matteson's Medical Surgical Nursing 8th edition. This workbook provides a variety of questions and exercises to help you master the LPN/LVN's role in medical surgical care. Questions include matching, multiple choice, labeling, case studies, diagram reading, fill in the blank, ordering, and prioritizing challenges. Next Generation NCLEX-R format questions help you get ready for the Next Generation NCLEX-PN-R examination and for success in nursing practice. Questions arranged by level of difficulty move from simple recall to more difficult exercises designed to help you
